Message from the President

Message from the President

Welcome to the beginning of an amazing journey into discovering truths and insights found in Word of God. No matter how old you may be, how long you been a Christian, how much formal education you might or might not have; if you apply the knowledge and faith from God's Word you can grow and become more fruitful in the Lord's vineyard. I encourage you to work at your own pace. Set a goal of one lesson a week. You might get overwhelmed and sometimes frustrated but stay faithful and you will be amazed how quickly you will progress in your studies.

Always know the faculty and staff are praying for you and believe in you.

Welcome All Students!

Thank you for enrolling in GCBC! The staff sends a personal welcome to you and thanks you for being among the increasing number throughout the world to experience this educational and spiritual opportunity.

“Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.” 2 Timothy 2:15

As the Bible clearly states “He (Jesus) Himself gave some to be apostles, some prophets, some evangelists, and some pastors and teachers, for the equipping of the saints for the work of ministry, for the edifying of the body of Christ, till we all come to the unity of the faith and of the knowledge of the Son of God, to a perfect man, to the measure of the stature of the fullness of Christ; that we should no longer be children, tossed to and fro and carried about with every wind of doctrine, by the trickery of men, in the cunning craftiness of deceitful plotting.” Eph. 4:11-14 (KJV)

Your desire to know more of the Word of God can only equip you for greater service in your calling.

What do I do next after enrolling? Choose how you will be studying.

listed on your degree plan and Click on the Course you would like to complete and get started.

For Local GCBC Colleges in your Country: **Go to Page 30**

Please read the following carefully:

For you to validate your enrollment into GCBC we strongly suggest you send in your first lesson to your instructor within the first week. Also, DO NOT work more than 3 courses at one time. You may take up to three different courses at a time. It is to your benefit that you take the courses on degree plan until they are completed before beginning study on another degree plan.

You are appreciated as a student and as a fellow believer in Christ. If you have any questions, please contact us. May God Bless you.

Downloading Lessons

Working lessons online can be performed easily and without much hassle if the student takes a few moments to learn how. You will be given instructions on how to send in your lessons with each lesson.

Your student I.D. number was emailed to you when you enrolled. Your number follows you all the way through your studies. You will need it with every course taken. Please use your I.D. on all your correspondence with your instructors as well as placing it on all your lessons. If you did not receive a student ID, check your junk mail filter, or contact GCBC and ask for a copy. Do not send in another application as this will cause identity problems for you in the future.

1. Introduction to the Bible Institute Introduction

May God bless you for responding to His call. What a tremendous privilege and responsibility you have, a high-calling/training for the work of the ministry. You are helping fulfill your call by becoming equipped for present and future ministries.

The Student Handbook is designed to help familiarize the student with the Bible Institute. It will inform the student what he can expect of the Institute and what the Institute expects of him as he seeks to prepare himself for Christian ministry. Each student should seek to develop high ideals and standards of conduct while he is enrolled in the Institute.

History, Purpose, and Development of the School

In this section we include a brief history of the founding and development of the school. We suggest that you become acquainted with this to get a sense of how the school came into being, the vision of its founders, and how the school is developing.

Churches, alumni, and friends are the sponsors of the Institute. It is not the desire of the Institute to create a denominational structure but rather a network working between denominations, churches, organizations, and nations to raise up laborers for worldwide spiritual harvest. It is to this purpose that GCBC is dedicated, to recruit, train, motivate, and mobilize a network of international harvesters for the Kingdom.

Great Commission Bible College was conceived by the Holy Spirit in answer to a cry from the harvest fields of the world for materials geared for training both the average layman and pastors. The Institute is birthing a vision designed to move laymen from vision to reality. The curriculum takes students beyond teaching to training where participation is required. The participation to which students are challenged is that of spiritual reproduction. Jesus' final command was to reproduce spiritually (Matt. 23:19-20).

GCBC is not as inclusive as a traditional Bible Institute because it eliminates materials not directly related to spiritual growth and productivity. We are not in competition with the traditional Bible Institute structure, but our training is for lay men and women who do not have opportunities, educationally and/or financially, for such training.

The Institute equips students with creative Bible study skills to enable continued study of Scriptures following basic course training, leading to undergraduate and graduate studies. But the primary focus of GCBC training is teaching what Jesus taught to move men from observation to demonstration of the power of God

Mission Statement of the School . . . The Great Commission

The vision and purpose of Great Commission Bible College is to equip the saints for ministry through timely, cost effective training. We desire to raise up a mighty army of men and women who are prepared to spread the Gospel of Jesus Christ through vision and spiritual preparation of the heart, and training in the Word of God, its principles, and methods.

Nondiscriminatory Policy as to Students and Faculty

The Great Commission Bible College admits all students to enroll in courses offered. Students may be of any gender, race, and color, national or ethnic origin. Also, all students have the same rights, privileges and programs offered by the Institute. The Institute does not discriminate based on gender, race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship, and any other school administered program. Applications for enrollment do not inquire about race or color but does inquire about country of residence for informational purposes only.

The Institute draws a very large percentage of its students from countries all over the world. The Institute by its "Online" definition does not have physical facilities for students to attend classes thus eliminating normal type discriminatory practices.

Faculty members are asked to teach by the Dean according to their past experiences as pastors, ministers and ministry experience and teaching expertise. There is no discrimination as to gender, race, color, or ethnic origin. The only stipulation in being placed on staff is that they be of the Christian faith, of good character, and that they honor the scriptures as the ultimate textbook.

2. Overall Picture of the Institute

Internet and Church-Based Ministry Training

This Internet and church-based institute with spirit-filled staff offers aggressive ministry training for thorough equipping of Christian leadership. We emphasize balanced doctrine, servant hood, leadership, character development and developing a biblical global perspective.

Great Commission Bible College is a place to train men and women called to full-time ministry and those interested in becoming better equipped to serve their local church. We offer academic excellence and methods that will train you to maximize your leadership skills and attitude to reach your God-given potential ministrations

The Academic Dean of the Bible Institute may make academic decisions with all new students, but this Student Handbook is also geared to

solving that purpose. This handbook will provide needed and beneficial information about many of the procedures, services, and opportunities in the Institute.

Faculty and Staff

GCBC would like to employ full-time personnel if they had sufficient money and the personnel available. But realistically speaking, you may find few full-time instructors in GCBC. Many instructors are also pastors, as well as lay ministers in full-time secular work. GCBC could not survive without the dedicated efforts of part-time instructors.

Academic Practices and Procedures

The Academic Dean is responsible for the scheduling of courses. Although the Academic Dean wants to know what courses you prefer to take, you need to remember that he has to consider all courses, all students, and courses they need, as well as all teacher schedules, etc. Therefore, there will be times when you may not get your preference of courses exactly when you want them.

You will have questions arise during the term. Your school Student Handbook is a good resource for many questions you may have. If after referring to it you do not find the answer to your question, do not hesitate to approach the Academic Dean.

Relationships with Church and Community

Those who are called by the Lord to ministry are equally called to reflect His character in both word and deed. Many requirements and expectations are placed upon Bible school students by both the church and the community. The successful student should be aware of and observe these with diligence. You will want to be an example in both church attendance and in the paying of your tithes. Guard your reputation in the community by maintaining your integrity in financial and other community matters.

Accountability

We are a non-denominational, Bible-based, Spirit-filled Institute. Our school is accountable to a Board of Directors and a panel of spiritual elders through our local churches.

School Location and Contact Information

Great Commission Bible College International Institute has an administration building in Carl Junction Missouri. Most of what we do is located around the world and our classrooms are right where our students are -- in their homes, offices, churches, and Internet Cafe. Our Distant Learning Centers have classrooms for students in their respective country. The contact information is at the front cover of this student handbook.

Accreditation and Recognition

In the United States accreditation is a service provided by private agencies and is not a governmental process. Accreditation is a voluntary process for which a school may apply and gain if they meet the standards of the accrediting agency upon examination. While there are many private, non-government accrediting agencies available, GCBC is proud to announce to its prospective students that the Institute is a member in good standing with A. I. C. C. S. (*Association of Independent Christian Colleges a n d Seminaries*) with headquarters in Bridgeton, Missouri.

GCBC is also registered with the State of Missouri Corporation Commission as a non-profit religious education institution. GCBC issues degrees with the Religious Exemptions under the Missouri Department of Education GCBC has also received a 501(c) 3 designation as a non-profit corporation from the United States Department of Internal Revenue. GCBC is also registered in 5 different African countries. All donations are tax deductible and tax receipts are given to all donors.

3. Spiritual Life

Spiritual Standards

As a Christian Institute, GCBC is interested in and committed to the spiritual development of its students. Although the Institute cannot legislate spiritual growth in its students, it can and does promote means to develop spiritual growth. We believe the student needs to be committed to a lifestyle that includes a daily time of Bible reading, reflection, and prayer.

Along with the Internet classroom programming, students are encouraged to make personal choices that will reflect their desire for an

intimate relationship with the Lord Jesus. Students are asked to covenant to pray and read the Word of God daily to assure growth toward Christian maturity. Devotional life is a vital part of spiritual development, relating closely to every aspect of their preparation for ministry. Every student is urged to observe a time of daily prayer and Scripture reading. Meetings, study, or any other activity should not be allowed to take the time allotted for communion with God.

4. Academic Life

Academic Life and Academic Guidance

The academic program of the Institute is designed to prepare the student for effective ministry. Therefore, guidance relating to individual programs of study, course enrollment, and graduation requirements is provided through the Academic and Graduate Dean.

Degrees, Diploma and Certificates

If you are a student who has made the goal of earning a degree, diploma, or certificate there will be a postal mailing fee of \$35.00 for students to help defray the cost of handling and postage.

(Form is available in Appendix)

Transfer Students

Students desiring to transfer credits into the college from another Institute are required to submit a copy of an official transcript. It must bear the seal of the institution. A copy of their catalog or equivalent available information may be required by the school. Credits may be granted for relevant work done on an equivalent level. However, as we are basically a Bible centered institution, only those kinds of credits can be transferred toward a degree offered by GCBC.

(See addendum for "transfer" information.)

For those schools who may not want to send a catalog, a transcript cover letter can serve to provide the necessary information to a receiving school. In some cases, the Institute may require additional support information from the sending school, such as grading scale, scheduling, course description, and syllabus, before final approval of transfer of credit.

(Transfer of Credits form and Guidelines is available in the Appendix)

Transfer of Credits

The student should inquire directly with the school which he/she plans to attend to determine if they will accept credits from this institution.

Life Experience Credits

A pastor or other persons with documented significant ministerial experience may be considered for Life Experience Credits. Students desiring to apply for these special credits should fill out the necessary form and email it to the GCBC Dean. These applications are considered on a case by case basis with the Dean.

(Life Experience Credits Form and Guidelines is available in the Appendix)

Postal Transcripts

Postal Transcripts may be obtained by submitting a Transcript Request form to the GCBC office. There will be no cost to a student requesting a transcript from GCBC via email, but if the transcript is required to be posted, the student may bear a \$10.00 fee to cover postage and handling. Internet Transcripts are without charge.

Grading System

The student grade point average is the ratio of the hours attempted to the grade points received. The GPA is computed by dividing the total grade points by the number of hours attempted. Grade points are assigned by the computer program based upon a number grade turned in by the Instructor. **A minimum 3.0 GPA is required to be accepted by GCBC as a passing grade for all Certificates or Diplomas. This is equivalent to 85%.**

NOTE: No "D" hours will be transferred to another Institution. Students with a "D" on their transcript will not be allowed to graduate. Students may retake the course/exam to improve their grade.

Academic Honors

Honors are bestowed as recognition of outstanding academic achievement and to further encourage sound scholarship. They are awarded to every student attaining the required proficiency. No Repeat Enrollment:

GCBC students are not allowed to re-enroll as a new student. Student I.D. numbers are a lifetime number and may not be changed or re-assigned.

Course Load: The Administration defines a full-time student as one who is taking three or more classes. Students should not enroll in new courses if they have 3 or more incomplete courses.

Dropping and Adding Courses: Students who desire any type of course change must receive approval from the GCBC Dean.

Academic Difficulties: Any academic difficulties are to be referred to the office of GCBC Dean, or to the Dean of Graduate Studies.

Repeat Courses: Courses with a grade of D or F must be repeated before graduation. Students desiring to repeat a course must have written permission from the Academic Dean by submitting a letter requesting a re-take of the course.

Send your written permission to the Academic Dean,
academicdean@GBC.edu.

Assignments and Examinations

Students are encouraged to prepare a study schedule at the beginning of each lesson and adhere to it carefully so that sufficient time is allotted for study.

All assigned work (term papers, book reports, etc.) will be due on date designated by the instructor. Not submitting work, when due, could result in a grade reduction. The student is responsible for all make-up work when absent from class, and the due date set by the instructor remains mandatory. Assignments and examinations must be completed if scheduled, as outlined by the instructor.

Academic Disputes

If a student disagrees with the grade he receives, he may make a report to the Dean of GCBC or the Dean of Graduate Studies for consideration of the dispute. No student is allowed to write and attack the instructor concerning grades. After the Dean reviews the issues, and responds, his decision will be final. Please use this email address academicdean@GBC.edu for all your concerns regarding grades or disputes of any kind.

Withdrawal from Institute

Students withdrawing from the Institute are free to do so at any time of the year but must please contact the Dean of GCBC or the Dean of Graduate Studies before doing so. This will help us to keep accurate computer records for accounts of our students.

Change of Address Procedures: Students are to notify the Institute office in writing of a change in email, physical address and/or telephone number. If a document is posted to a student who has changed his address without notifying the Institute, GCBC will not be held responsible to re-send the document.

Academic Honesty

As a community, committed to Christian thought and behavior, the Institute fosters honesty and integrity and is committed to the pursuit of academic excellence for students and faculty alike.

Learning is an opportunity and a privilege that demands responsibility and an uncompromising level of honor, integrity, and trust. The expectation at the Institute is that students and faculty will take advantage of the opportunity for intellectual development, and that they will also conduct themselves in a manner consistent with the standards of academic honesty. When these standards are violated or compromised, individuals and the entire Institute community suffer.

Violations of Academic Honesty

Violations of academic honesty include, but are not limited to:

Giving or receiving illicit aid on an examination.

Copying from another student's examination, term paper, and homework or research report.

Unauthorized access to computer accounts of others.

Plagiarism (submitting the exact words, data, or ideas of another without properly acknowledging the source).

Theft of examination or other materials from the GCBC Internet classroom.

Falsifying works or records of GCBC.

Slandering officers or instructors with accusations of dishonesty or other allegations.

Any student found guilty of slandering may be suspended as a student and all transcripts, etc. will be blocked.

The Dean of GCBC or the Dean of Graduate Studies or the Academic Dean is to review and respond to alleged violations of academic honesty.

Provisions of the academic honesty system are as follows:

(This is mainly in reference to Internet Classrooms sponsored by GCBC)

1. The person-in-charge of the Internet classroom retains the right to deal directly with cases of academic dishonesty that may occur in their classes. Students must be notified of the evidence of a violation and must have an opportunity to respond. In cases where both the person in charge and student agree that the alleged violation did occur, and if the student agrees to the instructor's proposed sanction for the incident, then the person in charge and student are requested to write an Academic Dishonesty Report, which briefly details the violation and sanction. The E-mail is filed in the Admissions and Records Office.

When the person-in-charge and student do not agree about the facts of the alleged violation or the proposed sanction, then the person-in-charge can report such student to the Dean. The Dean will write the student with the evidence of the alleged violation that was presented, and the student will have the opportunity to respond to the evidence. It is the responsibility of the Dean to determine whether or not the sanctions should be imposed. However, it will also be good for the person-in-charge to decide since he is present and knows what is going on.

GCBC recognizes the necessity of students to take responsibility for their ethical behavior and to maintain academic honesty in their own work. Additionally, we expect all students to promote ethical behavior throughout the Institute community by taking responsible action when there is a reason to suspect dishonesty.

We do not seek to create a community of informers. Rather, we depend upon a person's good will to care enough for a fellow student to warn the individual to abandon dishonesty for his or her own sake and that of the community. Thus, we ask all students, those in charge of the Internet classrooms, and faculty to share the responsibility of maintaining an honest environment.

Responsible Actions by Student:

Each student, as an integral member of the academic community, is expected to make a commitment not to act dishonestly and not to tolerate dishonesty on the part of other students. As a community, the students are responsible for maintaining an ethical environment. A student who is aware of a possible violation of the procedures and policies should report the violation to the person in charge of the Internet classroom.

Segment I

1. Each assignment will simply be a 1500-word minimum essay written on the subject matter of the course. *For example:* With the course BIDO712 Bible Doctrine: the student will write an essay on the topic of Bible Doctrine.
2. Great Commission Bible College requires one assignment to be completed for each course in a program.
3. Each assignment will be written using the course material, required readings, if any, and other sources the student wishes to utilize.
4. References to outside sources must be cited within the assignment.

5. When all the required assignments are completed within a given program, the student is deemed to have completed that program and the respective diploma will be sent to the student.
6. **Direct copying of any information or other web pages without proper references is forbidden and may result in the student being expelled from the program. Students are not to submit work that has been completed by someone else. Each assignment is to be written by the student in the student's own words.**
7. To learn more about how to write an essay, this page gives a good explanation of how to research and write an essay. Please follow this format for youessay.

Assignment Layout:

1. Doctorate programs require essay assignments to be a minimum of 1500 words or more in length. Shorter essays will be returned ungraded.
2. Assignments should be written in an essay format.

Click on this link for instructions.

https://www.internationalstudent.com/essay_writing/essay_tips/

1. The assignment must be written in English. Leniency will be given to those who do not use English as their first language, but it is expected that each student will use proper grammar and correct spelling.
2. <https://www.grammarly.com/office-addin/downloading> or <https://support.office.com/en-us/article/check-spelling-and-grammar-in-office-5cdeced7-d81d-47de-9096efd0ee909227>

Students are to submit their assignment as an attachment to an email. The assignments are to be submitted in popular word process format. Rich Text Format (.rtf) is preferred. Your professor may request a particular format after you begin.

Grading Pattern:

GCBC will receive the assignment. The professor will designate of either **passed** or **rework**. If the assignment is found to be well written and seen that the student has understood the content of the course, that student is then finished with that course. If the student receives a message stating the assignment needs Rework, he will be told the reasons why and then asked to resubmit the assignment when the rework is done. We will do everything we can to ensure each student understands the content of any course in which they are having difficulty. A grade of **85** is needed to receive credit for this essay.

For any student who requires a transcript of their grades after completion of their program, all assignments given the designation of "Pass" will be equal to an "85" in the traditional model of marking, and this will be reflected on a student's transcript. Anything less than an "85" will be sent back to the student for Rework until our standards are met.

Submission of Assignments Process

Great Commission Bible College has set up the assignment submission process, so it is easy for students to get their work to GCBC. Assignments will be e-mailed to the Institute by using the course number. For example: Bible Doctrine 712 would be emailed as: BIDO712@GCBCEdu.us. Your assignment will be directed to and received by the instructor teaching this course who will mark, grade and comment on the assignment.

When you send in assignments, and to enable prompt marking, make certain that the email contains the following information:

- 1) your name
- 2) your program (In this case Doctor of Ministry)
- 3) the course name and number
- 4) your student number (I.D.)
- 5) your email address

After the student's assignment is marked as "passed," GCBC will keep a record of this completion. However, an actual copy of the assignment will not be kept on file. It is important that the student keeps a copy of his assignments for his own records.

THE DOCTORAL DISSERTATION

Remember that the first requirement of enrolling in the Doctoral Program with GCBC is that the student must first have earned a Master's Degree or its equivalent with a probable previous experience of writing a Master's Thesis.

Dissertation Assignments for the Doctoral Program are required to be no less than 20,000 words in length. Assignment requirements are listed at the end of each course. See the Assignments page for more details.

There is no time frame in which to complete the Doctoral Program. Students may complete the program at their own pace.

Instructions for Writing the Dissertation

Each dissertation is to be the original work of the student. Submitting a paper completed by someone else is forbidden and will result in the student being expelled from the program. Any thesis submitted should not have been previously approved as a thesis with any other program

with Great Commission Bible College or any other school. **Proper references should be cited within the dissertation.**

The Dissertation can be submitted at any time during the program. If a student wishes to complete their paper before, during, or after completion of their courses, it is their choice. Because there is no time frame for completion of any of our programs, the student may take as much time as they need to complete their research to produce a well-written Dissertation. Writing a Dissertation is different from writing a report or a theme paper. It is slightly different in that you will be writing a view point of your own called an "argument."

You should argue your point of view and give references (cite the points of view with a footnote)

failed to address this point: using the footnote help located at the top of your Microsoft word paper. You can view this important step at <http://www.youtube.com/watch?v=HKrhTMHsli0> or read about it at <http://office.microsoft.com/enus/word-help/insert-or-create-footnotes-andendnotesHA101854833.aspx>

Refer to your references and place the footnote at the end of each reference. Your citation will appear at the bottom of the page like this:

8. In a 1998 interview, she reiterated this point even more strongly: "I am an artist, not a politician!" (Weller 124).

○ Use your own wording as much as possible. Just copying multiple references for your Dissertation may result in a low grade or even causing your Dissertation to be returned to do over. Reference work should be done in MLA format. Font should be Times New Roman font, size 12.

○ Your Grade for the Dissertation will be within the following range: 85% to 100% Anything below an 85% drops your grade below a 3.0.

A degree cannot be given with a grade Below 3.0. you should redo the entire Dissertation for a higher grade. All Students should use spelling and grammar check

There is no excuse for misspelled words. <https://support.office.com/en-us/article/check-spelling-and-grammar-in-office-5cdec7-d81d-47de-9096-efd0ee909227> or

<https://www.grammarly.com/office-addin>

Sentence structure allowances may be made with students who speak English as another language.

○ You will notice that this paper uses footnotes giving reference to Eleanor Wakefield. If you will use the same reference over and over, you can use the word "Ibid" which signifies the reference is already given prior.

○ Your Dissertation should be spell checked, double spaced lines, one-inch margins, top, left, bottom, and right. **Please avoid the use of abbreviations for books of the Bible.**

○ Make sure you have more than the minimum amount of words required for your Dissertation. Do not count words in the footnotes. "There are several vital elements to any successful college Dissertation. This Help sheet will define those elements and show you how

to put them together using an outline. Following this format will help you keep your thoughts (arguments) organized and get your essay underway.

Elements of a Dissertation Introduction: Usually an introduction starts broad and narrows down to your specific topic, ending in the Dissertation. This is your opportunity to establish why readers might be curious about your general topic, catch their attention, or put your Dissertation in context.” Your introduction should end with a clear, specific statement, which will tell readers exactly what your paper will be arguing. Each body paragraph will directly and obviously support your Dissertation.

Body Paragraphs: A Dissertation utilizes body paragraphs, and these will be the arguments, evidence, or topics that support your thesis.

Topic Sentences: Each body paragraph will begin with a topic sentence which introduces its topic. All the information in that paragraph will be clearly and logically related to that topic sentence, which in turn should obviously relate to the Dissertation.

Support: You use arguments, data, facts, analysis, quotes, diagrams and illustrations, anecdotes, examples, details, etc. to support your topic sentences and flesh out your body paragraphs. A good rule of thumb is to have at least three points to support each topic sentence.

Transitions: An effective Dissertation will show the connection between paragraphs with transitions. These can be the final sentence of each body paragraph or can be integrated into the next topic sentence with transition words.

Conclusion: A conclusion should wrap up your dissertation but should not introduce new information or arguments. It should begin with a sentence that looks a lot like your Dissertation Introduction to summarize the general points of the paper, and then draw your paper neatly to a close.

GUIDELINES OF THE Dissertation OUTLINE: – BEGIN with an INTRODUCTORY TITLE PAGE LIKE THIS: This page must be centered on the page.

10. Guidelines

Great Commission Bible College

Guidelines for Receiving Life Experience Credits, Or Past Ministry Credits

These guidelines provide a general idea as to what credits may be given to a student for previous service to the Lord. They are not final. Each student requesting credits will be given fair considerations for these credits. All credits given are always at the discretion of the Dean of Students.

GCBC recognizes that some of the most valuable learning experiences come through being a servant. Often, these learning experiences cannot be taught in a course. GCBC realizes that some life experiences and past ministry experiences are too valuable not to be recognized.

With that in mind, GCBC has adopted the following guidelines to be applied solely at the discretion of GCBC. Not all life experiences or past ministry experiences are automatically accepted for GCBC credits.

After carefully reading our guidelines and you feel you may be eligible to receive credits, please arrange your request in the form of a resume and send it to us via postal mail. Make sure to have witness signatures from those who know about you attached. Also, please go to the Appendix of this Handbook and fill out the form that is provided for Life Experience Credits. Life Experience Credits are limited to a maximum of 25% of a hours per student for AMIN, BTH MMIN. None are allowed for Doctorate Degrees.

Guidelines for Receiving Credits from a Secular College or University

If you are a graduate or an undergraduate with a BA, MA, or PhD, from a secular college or university the following guidelines may apply to you:

1. You will be required to take three required courses as well as other courses designated for the degree of your choice. These 3 courses are:
THNE100, BIDO101, and JESU120
It is recommended that these 3 courses be taken first before any others.
2. For the BTH Degree (Bachelor or Theology).
GCBC may acknowledge up to 90 credit transfer hours toward your degree from your College or University. GCBC requirements for a B. Th Degree are 120 hours. If you can transfer 90 credit hours, you will need 30 more credit hours plus the 3 required courses listed above to receive your degree.
3. For the AMin Degree (Associate in Ministry) 60 credit hours. GCBC may acknowledge up to 20 credit transfer hours from your college or University. You will need to take 40 credit hours plus the 3 required courses mentioned above.
4. For the CBS Certificate (Certificate in Biblical Studies) 30 credit hours. *GCBC does not allow any transfer hours or life experience credits toward this diploma* You will need to take all 30 credit hours including the 3 required courses mentioned above.
5. For the MMin. Degree (Master in Ministry Degree).
A transcript from your college or university must show you have 120 credit hours already attained in a Bachelor's degree. You will be required to take 36 hours of graduate study to complete the MMIN

degree along with these 3 undergraduate courses: THNE100, BIDO101 and JESU120. A master's thesis will be required of all candidates.

(Please note: if you are a GCBC graduate with a B.TH degree, all your past credits will apply towards a MMIN degree.)

<p>GUIDELINES FOR RECEIVING CREDITS FROM ANOTHER RECOGNIZED BIBLE COLLEGE:</p>

1. You will need to send copies of the transcripts showing courses, grades, etc. via mail to the GCBC address listed. If you have a BA or BS degree from a recognized Bible College with 120 or more credit hours, you may apply for a Master's Degree. You will need to take 36 hours of graduate study plus 3 required courses mentioned below.
2. GCBC will decide on how many credits it can accept. This will be based on several factors. GCBC generally will not accept courses that are not a part of the GCBC curriculum.
3. GCBC will give as many credits as possible for courses that may be similar but not exactly like the courses offered by GCBC.
4. You will be required to take the three GCBC required courses mentioned above. (THNE100, BIDO100, JESU120) No exceptions to this rule.
5. You will be notified by email the results of the transfer as quickly as possible.

Plus, you must send a duplicate copy to:

Great Commission Bible College Distant Learning Student Handbook

DISTANCE LEARNING THROUGH CORRESPONDENCE AND CELL GROUPS

Bible Education that Equips for Christian Ministry

Enroll at www.gbc.edu.us View courses at: www.gbc.edu.us

Make donations at www.resources.gbc.edu.us

Academic Information:

GCBC Distant Learning is a division of Great Commission Bible College International Bible Institute. The unique curriculum is the same that is offered to online students and motivates learning progress. Lessons are individually graded with personal attention given to all. User-friendly for home study, each undergraduate course offers designated credits. These courses have been effective in equipping men and women with the knowledge they need to become efficient in the field of labor to which God has called them. Those who later have

access to a computer may receive additional instruction through on-line classes or by using CD-ROM resources.

GCBC DL Distance Learning consists of the following:

There are 2 distinct methods to participate: (1)

Through a Cell Group and a Leader:

Each student who wishes to enroll must first do so by way of the Great Commission Bible College web site. Use this URL www.gcbc.edu.us to fill out your student application. Be sure to signify that you will enroll in “DL” (distant learning) and not Online. * Enrollment fees for international students will be determined by the selected leader of the group and paid to the designated leader. This fee will help pay for materials used in the courses. At the time of the enrollment you will be given a student I.D. Number. This number will always be used in correspondence with the Bible Institute and on all your lessons. ***If at any time you change your email address or your postal address, please be sure and let GCBC know of the change. We cannot account for email that is not received online or for postal mail not delivered unless we know of this change.***

****If a student is not able to use the computer, he may ask his leader/teacher to go online and fill it out for him.***

Meeting place: Cell groups meet within a church, community building or in a home. The Instructor, group leader or teacher who teaches the lesson, gives out written lessons that are to be brought back the following week.

(2) As an Individual who has purchased a CD.

Any individual who wishes to study independently may contact GCBC, take courses for college credit and return the lessons to GCBC for grading. Each student is responsible for returning lessons with postage paid envelopes if they choose postal services. They will not be returned if there is not prepaid postage in the return envelope. ***Lessons should be sent by postal mail to the following address: GCBCDL Lessons, 27345 Fir Road Carl Junction, MO, 64834*** There are no scholarship offerings for this service. Each student will work with the instructor who teaches the course. An GCBC student may buy the courses needed on a CD according to the fees listed in the Handbook. They may send back their lessons via postal mail or email them back to the instructor for grading via online services. If you are interested in this service and wish to purchase all the lessons for a particular diploma or degree, please notify the Academic Dean. academicdean@GCBC.edu.us

IMPORTANT NOTICE

Once you are enrolled as a GCBC student you may not shift to a different method of turning in your lessons. In other words, either you receive and return your lessons through your group leader or as an individual with a CD or you are strictly an online student who gets their lessons through the GCBC web site only and sends their lessons to their instructor via online for grading. You cannot mix and match!

How to Lead a Church? Home or Cell Group

Those desiring to lead a cell group must first be approved by the Dean of GCBC. Fill out the application at the end of this Handbook. You may scan it and send it to sherriefiedler@gmail.com or send it by postal mail to,

Academic Dean Michael Fiedler, 27345 Fir Road Carl Junction, MO, 64834

Step 1

Thoughtfully consider becoming a home group leader. Have regular quiet times. Spend time in prayer. Question your motivations. Do you really have a desire to lead, teach, and pastor a small group? Are you getting concrete ideas about how you'd like to lead the group? You may have a calling!

Step 2

Get the support of your church. If your church already has an established home or cell group program, it will have a process for setting up and training new group leaders. Contact the people in charge of running the small groups' ministry at your church, and let them know you're interested in being a leader. If your church doesn't currently have a home groups' ministry and you feel cell groups would be a great addition to your church's programs, contact your church leadership and discuss your ideas. Use the example set forth in Acts for churches. Meet with your leadership and establish who will be in your group.

Step 3

Plan your curriculum. Consider the needs and backgrounds of the people in your group. Be considerate and support your church's vision, beliefs, and values by choosing courses that reflect these. Remember, your role as a home group leader is to edify your fellow group members and to facilitate discussions. Do not monopolize the groups' time by preaching or using your role as leader to sway others' opinions. Allow everyone a part in the discussion and decision-making process.

Step 4

Set up a time and place for your first meeting. This might be at a local restaurant, the church, or your home. However, the home is the ideal setting for a cell group. Members are more relaxed, and intimacy happens more readily when meetings are held in a home atmosphere. During your first meeting, you can discuss the specifics of where and when you'll be regularly meeting, remembering to stress promptness and commitment to regular attendance. You will also want to decide on whether you will eat meals together, when you will have "fun" nights (or nights with no study,) childcare arrangements, how long your meetings will last, as well as any outreach opportunities you might want to be involved in as a group.

Tips & Warnings

- **Remember, you do not have to be a spiritual giant to be a home or cell group leader. You DO need to have a desire for helping a small group of people grow together and grow in their knowledge of Christ and their Christian walk over a period of time. You DO need the support of your church. You Do need to support your church's leadership and vision, being careful not to allow criticism and gossip during your home group meetings. With this said, enthusiastically explore the possibility of starting a home groups program at your church. If your church currently has a home or cell groups' ministry, and you feel the tug of a desire to lead a group, prayerfully pursue it. If you have the opportunity to join a group and have never done so, please get involved! A church home group is where real growth and real Christian living takes place. It is the Acts church in our day!**

Welcome to the Great Commission Bible College!

God is calling you to prepare for this last Great Harvest that is already in full operation. We want to help you as you prepare for ministry. The purpose of this letter is not only to welcome you, but to also invite you to become a part of our last push toward the Great Commission world harvest. The push is on! We are in the harvest! We need more laborers!

Perhaps you can help by setting a goal to open a Great Commission Bible College Satellite Extension Classroom, thus fulfilling the Great Commission by "making disciples, teaching them to observe all things that I have taught you." Let me explain how you can become a part:

It is a fact; there are many lost souls in your city and country that need to hear about the saving Grace of Jesus Christ. Our immediate goal and plan is to open classrooms that will use our courses, our transcripts, our degrees, our accreditation, and our vision to win the lost.

If you think you might want to become a part of opening a Great Commission Bible College Satellite Extension Classroom in your area, the following will give you an idea of what we would like to be done before we can authorize the opening of a Great Commission Bible College Satellite Extension Classroom in your area.

The following items are merely an outline of what we expect any student opening a classroom in their town. Special allowances for existing students, pastors, evangelists, and workers in the church maybe given to expedite opening a Great Commission Bible College Extension Classroom. If you have a degree or a successful teaching ministry, or have been a pastor for several years, you should consider becoming our Last Day Harvest Partner.

A General Overseer application for opening a Great Commission

Bible College Extension Classroom in your town is attached to this letter, if you want to become a part of this Last Days Harvest, please fill it out the application and send it back as soon as possible. It will be good to set your goals to the following items and pray that God will help you fulfill your goals.

- **Complete your CBS certificate as soon as possible. You may take up to three courses at one time; there are 11 courses in this degree with a total of 31 hours. Upon completion of the CBS certificate you will receive a Diploma in Biblical Studies and will have completed a crucial step for opening an extension satellite in your city.**
- **Even as you work on your CBS, you can begin to pray about opening a Great Commission Bible College Satellite Extension Classroom, and even look for a suitable classroom for teaching the courses. You can't even start recruiting new students to take courses at the satellite. Contact us concerning the e-mail address to use on new student's applications. We will help you initiate a new e-mail address for your extension classroom whereby all students without computers will use the same address.**
- **Find a suitable classroom where you can teach our courses to new students who enroll in your city.**
- **Because they do not have a computer, you will enroll them as a student in your country using a special e-mail address for each new student. GCBC may help you set up that new e-mail address for your college.**
- **You will begin teaching the courses you completed in your CBS certificate. It will be your responsibility to download and print them for distribution to your students. You will need a good copier and a lot of paper to do this. On special occasion, our College can help you purchase a copy machine and some paper to get started.**
- **You may need to translate the lessons into another language, that expense is yours and should be considered when you set the tuition fee. In some cases, the college can help with some finances to get you operational, but we want you to be able to cover these expenses by charging tuition. You will set the tuition amount according to what you think your students can pay. All the tuition you collect will be kept by you to offset your expenses. It is okay to charge a little more than material expenses so that you can receive a small salary if you desire.**

- **How long will it take before you can open the Great Commission Bible College Satellite Extension Classroom in your city? That depends upon you and your commitment and how quickly you can complete the necessary requirements. Some students have completed the CBS certificate in about 30 days. Of course, they were taking several courses at the same time.**
- **We are anxious to push the great commission forward in your city! There is Urgency! Every day counts! I hope that you can see this Urgency because there are people in your city that die every day without Jesus Christ!**

Please consider this your invitation to b e c o m e part of our worldwide ministry to push the great commission into every city and country in the world.

It is not too early for you to fill out your overseer application and send it in. I encourage you to send it in today.

Sincerely yours for souls,
 Dr. Carol Oakes,
 President Great Commission Bible College

How to Prepare A Master's Thesis

Writing a Thesis is different from writing a report or a theme paper. It is slightly different in that you will be writing a viewpoint of your own called an "argument."

You should argue your point of view and give references (cite the points of view with a footnote) using the footnote help located at the top of your Microsoft word paper. You can view this important step at <http://www.youtube.com/watch?v=HKrhTMHsLi0> or read about it at <http://office.microsoft.com/enus/word-help/insert-or-create-footnotes-and-endnotesHA101854833.aspx> Refer to your references and place the footnote at the end of each reference. Your citation will appear at the bottom of the page like this: _____

8. In a 1998 interview, she reiterated this point even more strongly: "I am an artist, not a politician!" (Weller 124).

Use your own wording as much as possible. Just copying multiple references for your Dissertation may result in a low grade or even causing your Dissertation to be returned to do over.

Your Grade for the Dissertation will be one of the following: 85% to 100% Anything below an 85% drops your grade below a 3.0. A degree cannot be given with a grade Below 3.0. you should redo the entire Dissertation for a higher grade. All Students should use spelling and grammar check.

<https://www.grammarly.com/office-addin/downloading> or <https://support.office.com/en-us/article/check-spelling-and-grammar-in-office-5cdeced7-d81d-47de-9096-efd0ee909227>

There is no excuse for misspelled words. Sentence structure allowances may be made with students who speak English as another language. **Please avoid the use of abbreviations for books of the Bible.**

All reference work should be done in MLA format. The font should be Times New Roman, size 12. You will notice that this paper uses footnotes giving reference to Eleanor Wakefield. If you will be using the same reference over and over, you can use the word "Ibid" which signifies the reference is already given prior.

Your Thesis should be spell checked, double-spaced lines, one - inch margins, top, left, bottom, and right.

Make sure you have more than the 2500 minimum amount of words required for your Thesis. Do not count words in the footnotes.

There are several vital elements to any successful college Thesis. This Help sheet will define those elements and show you how to put them together using an outline. Following this format will help you keep your thoughts (arguments) organized and get your thesis underway.

Elements of an Introduction: Usually an introduction starts broad and narrows down to your specific topic, ending in the Dissertation. This is your opportunity to establish why readers might be curious about your general topic, catch their attention, or put your Thesis in context. Your introduction should end with a clear, specific statement, which will tell readers exactly what your paper will be arguing. Each body paragraph will directly and obviously support your Thesis.

Body Paragraphs: A Thesis utilizes body paragraphs, and these will be the arguments, evidence, or topics that support your thesis.

Topic Sentences: Each body paragraph will begin with a topic sentence which introduces its topic. All the information in that paragraph will be clearly and logically related to that topic sentence, which in turn should obviously relate to the Thesis.

Support: You use arguments, data, facts, analysis, quotes, diagrams and illustrations, anecdotes, examples, details, etc. to support your topic sentences and finish out your body paragraphs. A good rule of thumb is to have at least three points to support each topic sentence.

Transitions: An effective Thesis will show the connection between paragraphs with transitions. These can be the final sentence of each body paragraph or can be integrated into the next topic sentence with transition words.

Conclusion: A conclusion should wrap up your Thesis but should not introduce new information or arguments. It should begin with a sentence that looks a lot like your Thesis Introduction to summarize the general points

Of the paper as a whole, and then draw your paper neatly to a close.
